Latin America-China relations; present and future

Spanish / Espagnol / Español / 스페인의

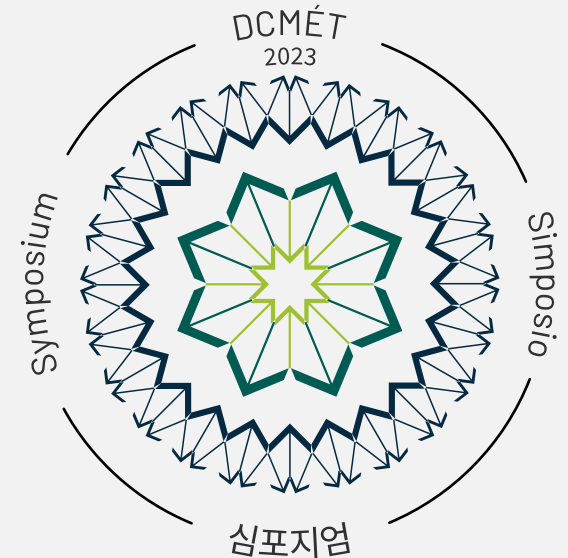

Simultaneously interpreted in English / Interprété simultanément en anglais
Interpretado simultáneamente en inglés / 영어 동시통역

The relations throughout history between Latin America and China, their importance, correlation and areas of opportunity from various perspectives (Economic, legal, historical and social), as well as Chinese modernization, development and the influence it can have Worldwide.

The relations between the two regions are fundamental for global development and contribute to the stability of the world panorama. Different, diverse regions but with points in common and many coincidences.

The objective of the table is to form better and stronger ties, since they share similar challenges that they face in different ways, but that ultimately seek solutions to them.

The key to the future is in the coincidences that exist in both regions, in collaborative work and in the growth of their towns.
